Dear Sirs

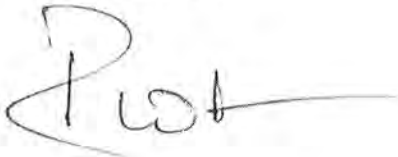

The metals division of Wood Mackenzie (formerly Brook Hunt) has enjoyed a long and fruitful relationship with INFOMINE Research Group Ltd. (INFOMINE) spanning back to the 1990s when Brook Hunt first engaged this company's services.

Over this extensive period of time INFOMINE has provided us with regular market intelligence and production/trade data from various countries within the FSU as well as several bespoke reports on specific mining-related topics from within this region.

We have found INFOMINE to be a reliable supplier of regular market reports and the quality of the data provided to be of a very high standard.

We would have no hesitation in recommending to you the services of INFOMINE based upon our long-standing and fruitful relationship with this company.

Yours faithfully

Richard Wilson  
Chairman of Metals
